SIX ENGLISH TASKS FOR A FRIENDLY BOOKSHOP OPENING

Før timen

- ☐ Print the student material: cover, six stations and team sheet.
- ☐ Place the stations so teams can start at different points.
- ☐ Cut out the six clue cards from the answer key and keep them with the teacher.
- ☐ Put a blue mark or a final card at the agreed ending place.

Materialer

six English station sheets, team sheet and pencils, six teacher clue cards, a blue ending mark for the final shelf.

Elevmaterialet og den offentlige forhåndsvisning er facitfri. Udlever kun lærerens brikker, når et hold kan vise sin tænkning.

Gennemførelse

1. Open the shop

Tell the class that the books and the Brightbrook event are fictional. English is the working language during the trail.

2. Rotate

Give about seven minutes at each station. At station 3, approve a short understandable dialogue rather than an accent.

3. Meet visitors

Put the clue cards in station order, read the final message and let each team give one short recommendation.

4. Reflect

Ask which words helped a customer choose the right book and which recommendation sounded most useful.

Afsluttende samtale

- ☐ Which words in a book description helped you choose?
- ☐ What makes a recommendation clear and polite?
- ☐ How did you make sure your spoken dialogue was understandable?
